Itinerary:

- Start your trip by meeting us at the Lucile Boat Ramp parking lot just 8.7 miles north of Riggins @ 9 am or 1 pm MST according to your scheduled trip. (Note the time difference if coming from PST).
- From there board the Outdoor Voyagers River Van. Don't take anything you won't be taking on the river. You don't want to leave anything in the van. You'll then be taken through Riggins to Shorts Bar or the City Ramp where your trip launches.
- At the boat ramp you'll meet your river guides and have a safety briefing.
- Once on the water you can expect thrilling whitewater, swim time, boat games, and great scenery.
- Your Trip will end back at your vehicle. There are changing areas and restrooms at the take-out.

Pro Tips:

- Bring a personal water bottle. We want everyone to stay hydrated and healthy. If we are providing lunch, we will have bottled water, but help us reduce waste by bringing your own water bottle. We bring lots of extra water so you can have plenty of refills.
- Avoid bringing valuables or jewelry. We recommend retention straps on sunglasses and hats. Outdoor Voyagers is not responsible for lost or damage personal items.
- Pack Light. Space is limited. We provide dry bags to access anything you might need during the day.
- Check the weather forecast before your trip. We continue floating even in the rain. A rain jacket can make things more comfortable.

What to wear:

Swimsuits can be great. Quick drying shorts and SPF rated shirts can help with comfort and provide additional sun protection. Try to avoid cotton fabrics.
